

Influenza-like Illness* Report Form - Businesses 2009-2010

* Influenza-like illness (ILI) is defined as a fever of 100.0°F or greater and cough or sore throat (in the absence of a known disease other than influenza).

WHEN TO REPORT

Please report each day throughout the year when:

The number of employees with ILI are absent or sent home from work reaches 50% more than your usual total absenteeism rate for the same time of year for years past.

- If symptoms of illness are unknown for an absent employee, **include** this employee in your count of ILI absences.
